

## LYMAN GREAT PLAINS RIFLE 50 CAL. PERCUSSION, \$435

**GUN TESTS RECOMMENDS: BUY IT**

**This attractive rifle will appeal to traditional shooters. With a 1-in-60 twist, it shoots round balls well. When put to the shoulder, it feels balanced. It is imported by Lyman from Italy.**

WRIST CIRCUMFERENCE (MAX) .....	5 IN.	WEBSITE OR EMAIL.....	WWW.LYMANPRODUCTS.COM.

Like the T/C Hawken, the Lyman has a coil spring lock for fast, dependable ignition.

To get the Lyman rifle to shoot to point of aim, we replaced the adjustable sight with the buckhorn sight that came with the rifle. We still had to file the front sight down to get the rifle to shoot low enough. However, the buckhorn sight did give it a more traditional look.
