

Above: The Ruger's Cushioned Grip panels of Santoprene and Goncalo Alves wood (left) look good and reduce recoil slap on the shooter's hand. The Colt's black-rubber grips (right) with finger grooves also offered a comfortable gripping surface on the Anaconda.

Above: The sight pictures on the Ruger (left) and the Colt (right) are nearly identical.

## ACCURACY RESULTS

### COLT ANACONDA Ammunition Brand

	Average Group Size	Best Group	Worst Group
