Shooters who remember coaching clinics and earlier books on precision rifle shooting probably recognize the names of Bill Pullum and Frank Hanenkrat. Pullum and Hanenkrat teamed up to author many publications, including Army Marksmanship Unit manuals and three full-length books. Their previous best-known work, *Position Rifle Shooting*, was first published in 1973.

The *New Position Rifle Shooting* book, from which this article was adapted, is a 250-page hardcover text on the sport, including detailed training methods, sport psychology sections, and coaching tips for the pistol, clay target, and rifle shooting games. It is available for \$19.95 plus \$3.50 shipping and handling from Target Sports Education Center, Dept.
