

## GUN TESTS REPORT CARD

FN Self-Loading Police Shotgun (SLP)  
No. 3088929010 12 Gauge 3 Inch, \$875

GUN TESTS GRADE: F

Our test sample didn't function with any of our test rounds—an unpardonable sin for a “tactical” shotgun. One tester said, “Can you imagine being in a dark room and the action locking open with a failure to eject? If Al [as in Al Quaida] has his AK and is causing trouble, you are in a world of hurt.” Accordingly, we failed it.

HK Fabarm Tactical 12 Gauge 3-inch, \$999

GUN TESTS GRADE: C

Enthusiasm for this gun waned the more we shot it under stress. The emergency reload test was enough for us to say, “No thanks.”

Remington 11-87 Police 12-gauge 3-inch No. 9861, \$850

GUN TESTS GRADE: A

Easy to handle, extremely accurate for a shotgun, fast to reload, easy recoiling, durable. This gun's a winner.
