

BROWNING CYNERGY EURO FIELD 3-INCH 12 GAUGE NO. 013297304, \$2609
GUN TESTS GRADE: B

Though a competent shotgun, it failed to impress all of us as a group, though one shooter found the right fit with the Cynergy he'd not experienced before and immediately bought one as a result. A little more wood and engraving attention and a little less price would help get the Cynergy up to the value level of the Ruger and up to the fit/finish level of the Caesar Guerini.

SPECIFICATIONS

OVERALL LENGTH	45.0 IN.	BUTTPLATE	RUBBER "INFLEX" PAD	GRIP TYPE	PISTOL GRIP
BARREL LENGTH	28.0 IN., VENTILATED RIB	WEIGHT UNLOADED	7.5 LBS.	CHOKES	INVECTOR PLUS: IC, M, F

LOP	14.25 IN.	SAFETY	TANG, BARREL SELECTOR	TRIGGER PULL WEIGHT TOP BARREL	5.25 LBS.
DROP @ COMB	1.75 IN.	ACTION	SILVER NITRIDE-FINISH STEEL,	TRIGGER PULL WEIGHT BOTTOM BARREL	5.25 LBS.
DROP @ HEEL	2.50 IN.	LOW-PROFILE HINGELOCK	WARRANTY	NONE WRITTEN
		BARREL	POLISHED BLUED STEEL	TELEPHONE	(800) 322-4626
		STOCK	OIL-FINISH WALNUT	WEBSITE	WWW.BROWNING.COM

The Cynergy's fit and finish wasn't up to snuff. The unsightly gap at the top of the recoil pad (arrow) was an example of this lack of attention to detail. Also, our shotgun had a prominent wood blemish on the right side of the buttstock.

Though Browning presents this Cynergy as having upgraded wood and "full coverage engraving," we found a lot of metal lacking anything. The Browning attempt fell well short of the CG Tempio's engraving coverage and quality, we thought.
